60 Month										

## ACCOUNT DISCLOSURES

**Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-In-Savings Disclosure are share accounts.**

**1. Rate Information.** The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For accounts subject to dividend compounding, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

**2. Dividend Period.** For each account, the dividend period is the account's term. The dividend period begins on the first day of the term and ends on the maturity date.

**3. Dividend Compounding and Crediting.** The compounding and crediting frequency of dividends are stated in the Rate Schedule.

**4. Balance Information.** The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For all accounts, dividends are calculated by the Average Daily Balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of the principal in

the account for each day of the period and dividing that figure by the number of days in the period.

**5. Accrual of Dividends.** For all accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For all accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.

**6. Transaction Limitations.** After your account is opened, your ability to make additional deposits to your account or withdrawals of dividends and any limitations on such transactions are set forth in the Rate Schedule.

**7. Maturity.** Your account will mature as indicated on this Rate and Fee Schedule or on your Account Receipt or Renewal Notice.

**Early Withdrawal Penalty.** We may impose a penalty if you withdraw any of the principal before the maturity date.

**Amount of Penalty.** For Share Certificate (1) accounts, the amount of the early withdrawal penalty is based on the term of your account. The penalty schedule is as follows:

- Terms of 3 months 30 days dividends.
- Terms of 6 months 60 days dividends.

For Share Certificate (2) accounts, the amount of the early withdrawal penalty is based on the term of your account. The penalty schedule is as follows:

- Terms of 12 months 120 days dividends.
- Terms of 18 months 180 days dividends.
- Terms of 24 months 240 days dividends.
- Terms of 30 months 300 days dividends.
- Terms of 36 months 360 days dividends.
- Terms of 48 months 480 days dividends.
- Terms of 60 months 600 days dividends.

**How the Penalty Works.** The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividend has already been paid, the penalty will be deducted from the principal.

**Exceptions to Early Withdrawal Penalties.** At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances:

- (i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

(ii) Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment; or where the account is a Keogh Plan (Keogh) provided that the depositor forfeits an amount of at least equal to the simple dividends earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 59 1/2 or becomes disabled.

**Renewal Policy.** The renewal policy for your accounts is indicated on the reverse side.

\*Member has the option to choose the following renewal policy. For all accounts, your account will automatically renew for another term upon maturity. You do have a grace period of seven (7) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

For all accounts, your account will not automatically renew, but you may renew the account at your option. Dividends will not be paid after maturity. The balance will be transferred to another account of yours.

**Nontransferable/Nonnegotiable.** Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

**Share Value**

- Par Value of one share .....\$ 25.00

The rates and fees appearing in this Schedule are accurate and effective for accounts as of the Effective Date indicated on this Truth-In-Savings Disclosure. If you have any questions or require current rate and fee information on your accounts, please call the Credit Union.
